Re: Upper Columbia River – Color Plots

Sally,

Further to our discussions at the Lake Roosevelt Water Quality Council meeting conducted earlier today in Spokane and as promised, please find attached for your review and records a color copy of the Gantt chart that accompanied my August 4, 2006 email regarding "UCR – Task 1 Scoping". I trust the enclosed is sufficient at this time and should you have any questions or require any additional information, please do not hesitate to contact me. I look forward to hearing from you in the near future on this matter.

Regards,
